Brief Introduction

SP2 is an entry-level smart Wi-Fi plug (EU Standard) with simple and compact design. With its powerful and smart core, you can easily control the home electronics via your smart phone from anywhere, set related functions such as schedule it to automatically power electronics on and off as needed, countdown timers, cycle timers, and energy consumption. Besides, you can free your hands and control it directly with the voice commands when paired with a compatible Amazon Echo or Google Nest device.

SP2 is suitable for indoor small plug-in appliances (such as fan, lamp, humidifier, etc.) and greatly brings smart and convenience to your life.
